Partnerships & Support Built to Last

I opened my business late 2017 carrying only a good work ethic and zero to no knowledge of how a business works, shortly after I had been recommended to Sarah at synergy tax and business solutions. After a quick sit down with Sarah Mathews it was a no brainer to hop on board and have her services at my fingertips just a phone call away whenever I needed it. It wasn't easy building a business, but in the construction industry it's key to focus on the day to day, I didn't have time or the abilities to do what Sarah does, and because of that I have managed to build my company from myself to 15 employees since I've signed up with Sarah. Synergy is full of useful tips and tricks to help your business save money, how to safely grow, and most importantly what not to do. Getting sarah and her company in my corner was probably the best business decision I've made thus far, and I'd be completely lost without her services. - Russel V.

It has been such a pleasure to work with Synergy Tax & Business Solutions. We truly value their expertise. They are easy to work with, and are always ready to help. We highly recommend them! - Katie A.

Outstanding service! Sarah and her team at Synergy are friendly, make you feel right at home. Their service is complete from start to finish taking care of every detail. They ask the right questions in order to get to know their clients. Feel confident that you will be well taken care of at Synergy! - Kim G.

I've been using Sarah and her team at Synergy for years now and I couldn't be happier. Tax season used to be stressful but Synergy makes it such a smooth and easy process. I've learned so much from them about expenses and writeoffs that I would never have known otherwise. For business and personal taxes, I would recommend no one else but Synergy. - Rory M.

From business inception, initial start up, through 6 years of business and it's eventual sale, Synergy Tax and Business Solutions was an integral component of my business practices. Synergy reliably prepared all monthly financial reports, government remittances, Year end documentation, audit reports, tax preparation and T4's. The team also provided in depth business analysis, tax saving techniques and business review. Personal and Professional, I recommend Synergy Tax and Business Solutions for all business and personal bookkeeping. The value they added to my business was irreplaceable.. - Lindsay M.
